PROFESSIONAL SUMMARY

I am a Software Engineer with hands-on experience in coding, web development, design, and requirements engineering. Skilled in front-end development using HTML, CSS, and JavaScript, I also excel in UI design for mobile and desktop applications. My expertise includes gathering and analyzing project requirements to ensure successful delivery.

Interest: Mobile app development, Machine learning, Artificial Intelligence

EDUCATION

Babcock University, Ilishan-Remo, Ogun State, Nigeria

Bachelor of Science (B.Sc.) in Software Engineering

Expected Graduation Year: 2025

Current CGPA: 4.7

WORK EXPERIENCE

Intern, New Horizon Solutions Limited

Lekki, Lagos, Nigeria

January 2024 – June 2024

- Gained hands-on experience in front-end development using HTML, CSS, Bootstrap, and JavaScript.
 - Designed and implemented projects including a fashion website, JAMB and Jumia website clones, and a company website.
 - Conducted quantitative and qualitative research for UI/UX design using Google Forms, affinity maps, and storyboarding.
 - Designed a mobile application UI for a real estate application.
 - Learned the basics of creating simple logos.
 - Key Accomplishments: Successfully bridged the gap between user requirements and functional designs, improving project outcomes.
-

RESEARCH PROJECT

Design and Implementation of a DRM-Protected Instructional Learning System

Supervisor: Mr. Adeoti

Duration: 1 year

- Actively contributed to both the research paper and the practical implementation of the system.
- Focused on developing a DRM system to protect educational content and ensure secure distribution.
- Worked on various aspects, including system design, coding, testing, and gathering feedback to improve the solution.

SKILLS AND COMPETENCIES

Technical Skills:

- **Programming Languages:** Basic knowledge in C++, Java, JavaScript.
- **Web Development:** Proficient in front-end technologies (HTML, CSS, JavaScript, Bootstrap).
- **UI/UX Design:** Strong understanding of user-centered design principles and tools for creating intuitive interfaces.

Soft Skills:

- Problem-solving
- Time and Project Management
- Critical Thinking
- Excellent Communication
- Interpersonal Relationship Skills
- Leadership and Negotiation
- Organizational Skills

CERTIFICATIONS AND COURSES

- **Certification of Completion in UI/UX Design**

Provider: New Horizon Solutions

Completion Date: June 2024

- Gained a comprehensive understanding of UI/UX design principles, including user research, wireframing, prototyping, and usability testing.

- **Certification of Completion in Front-End Development**

Provider: New Horizon Solutions

Completion Date: June 2024

- Mastered core front-end technologies including HTML, CSS, JavaScript, and frameworks like Bootstrap.

LEADERSHIP, ACHIEVEMENTS, AND CERTIFICATIONS

- **Class Representative, Software Engineering Group**

- Led the group, ensuring effective communication between students and faculty.
- Represented the class during departmental meetings and helped organize academic activities.

- **Winner, Interdepartmental Debate**

- Won the interdepartmental debate hosted by the Babcock University Computer Club.
- Demonstrated strong public speaking, critical thinking, and persuasion skills.
